DEMAND FOR VERIFIED EVIDENCE OF LAWFUL FEDERAL ASSESSMENT

The validity of the assessment documented on this form is hereby formally challenged. This form constitutes a formal legal demand to the agency who issued the tax collection notice appearing in Section 1 below. It is submitted under the authority of the following code sections:

- 1. The Fair Debt Collection Practices Act (FDCPA) codified in 15 USC, Chapter 41, Subchapter V, and which the IRS was made subject to under the IRS Restructuring and Reform Act of 1998, Section 3466, 112 Stat. 768.
- 2. The Privacy Act, 5 USC §552a.
- 3. The Freedom of Information Act, 5 USC §552.
- 4. 26 USC §6103 and 26 USC §6110.

Under the provisions of 5 USC §552(a)(6)(a)(i), you have no more than 20 days to respond with ALL of the assessment documentation required. Failure to timely respond shall constitute a permanent estoppel by default of all collection and enforcement activity. The FDCPA requires in 15 USC §1692g(a), among other things, that the debt collector has an obligation to validate any imputed debts. Tax debts constitute "debts" for the purposes of this provision, because the U.S. Supreme Court said so in Milwaukee v. White, 296 U.S. 268 (1935) (". . .still the obligation to pay taxes is not penal. It is a statutory liability, quasi contractual in nature, enforceable, if there is no exclusive statutory remedy, in the civil courts by the common-law action of debt or indebitatus assumpsit.").

INSTRUCTIONS TO RECIPIENT:

You, the recipient, are hereby demanded to fill in Sections 3 and 4 of this form, sign and date in your real legal birthname and NO pseudoname, and, and return this form immediately in original ink as legally admissible evidence of the existence of said lawfully assessed liability. Because the above documents are expected to be used in a court proceeding, please certify all documents, or have them certified as true and correct, with Form 2866, Certificate of Official Record, or in the event requested documents do not exist, certify that they don't with Form 3050, Certificate of Lack of Records, as required by IRM 11.3.6. Certification may be requested by the public using IRS Form 4338-A. In accordance with IRM 11.3.6.2, any member of the public may request certification of ANY document requested including records generated by the service or submitted by him/her to the service.

61. ENCLOSURES

(Included with agency response)

NOTE: All pages of this form must be included in the agency response and the response MUST be signed under penalty of perjury, just as the forms we sent you are (equal protection). DO NOT use the word "frivolous" in any part of your response without providing statute and implementing regulation and Supreme Court cite (and not lower) to back up each claim. We ARE NOT interested in your opinion, but only relevant law and facts. Any other approach is frivolous. Also, in accordance with IRM 4.10.7.2.9.8, you MAY NOT cite any court ruling below the Supreme Court in your response. That means you may not cite the Tax Court (an Article 1 Legislative appeal board, not a constitutional court), or the circuit or district courts. We are not interested in irrelevant case law from courts that have no jurisdiction over any states of the Union under Subtitle A of the Internal Revenue Code. Here is what the Supreme Court said on this subject, keeping in mind that the Internal Revenue Code qualifies as "legislation".

"It is no longer open to question that the general [federal] government [including its agents, the IRS], unlike the states, Hammer v. Dagenhart, 247 U.S. 251, 275, 38 S.Ct. 529, 3 A.L.R. 649, Ann.Cas.1918E 724, possesses no inherent power in respect to the internal affairs of the states, and emphatically not with regard to legislation."

[Carter v. Carter Coal Co., 298 U.S. 238 (1936)]

Any attempt to violate the above requirements in your response shall constitute an admission that your assessment was NOT lawful and that you are trying to cover it up with irrelevant propaganda instead of sticking to the facts and the law.

SECTION 5: POINTS AND AUTHORITIES UPON THE POWER OF FEDERAL TAX ASSESSMENT

"Revenue Laws relate to taxpayers [officers, employees, and elected officials of the Federal Government] and not to non-taxpayers [American Citizens/American Nationals not subject to the exclusive jurisdiction of the Federal Government]. The latter are without their scope. No procedures are prescribed for non-taxpayers and no attempt is made to annul any of their Rights or Remedies in due course of law. With them [non-taxpayers] Congress does not assume to deal and to deal and to the subject nor of the object of federal revenue laws."

[Economy Plumbing & Heating v. U.S., 470 F2d, (1972)]

Requirement description	Code Section(s)	Regulation(s)	Other
JURISDICTION			
A person must be "subject to" the code and a "taxpayer" before an assessment can be made against them. Otherwise, they are "foreign" with respect to the code and a "nontaxpayer". See Long v. Rasmussen, 281 F. 236 (1922); Economy Plumbing & Heating v. U.S., 470 F2d, (1972)	26 USC §1313(b) 26 USC §7701(14)		
The Internal Revenue Code Subtitle A does not have jurisdiction within states of the Union upon anyone but federal "employees" situated on federal property.	26 USC \$7701(a)(9) 26 USC \$7701(a)(10) 26 USC 3121(e)	<u>26 CFR</u> <u>§31.3121(e)-1</u>	Carter v. Carter Coal Co., 298 U.S. 238 (1936);
DUE PROCESS	-	<u> </u>	
Under our system of jurisprudence, a person is presumed to be innocent until proven guilty. This means they are presumed to be a "nontaxpayer" not subject to the Internal Revenue Code until the government proves them to be a "taxpayer" subject to the I.R.C.			Constitution Amendments 4 through 6
The burden of proof for all disputed matters rests with the Secretary, as the moving party for all those who are "nontaxpayers". The burden rests with the "taxpayer" for all those who are "taxpayers"	5 USC 556(d) 26 USC 7491		
Presumptions not supported by admissible evidence violate due process and in fact, are the OPPOSITE of it. All evidence based on presumption is inadmissible under the Hearsay Rule			Black's Law Dictionary, Sixth, "due process" Fed.Rule.Ev. 802 Fifth Amendment
All evidence upon which an assessment is based must be signed under penalty of perjury and be based on personal knowledge, or else violation of due process occurs. No "presumptions" can be made.	26 USC §6065		
All assessments executed by the Secretary shall be signed under penalties of perjury, the same way as returns filed by the "taxpayer"	26 USC §6065		
Any evidence upon which to base an assessment that was knowingly provided under duress is inadmissible and all assessment based on such evidence are invalid			Am.Jur.2d 663: Duress
The rule of statutory interpretation called "Expressio unius est exclusio alterius" states that everything not explicitly spelled out in a law, may be excluded by implication. This implies that the definitions of words used in a statute MAY NOT "presume" the common definition or an "assumed" definition in addition to what is spelled out in the statute.	26 USC §6065		Black's Law Dictionary, Sixth Edition, p. 581
ASSESSMENT PROCEDURE	-		
All assessments must be signed under penalty of perjury as required by 26 USC \$6065 . That section says "returns", but it is part of the title. 26 USC 7806 (b) says that titles are IRRELEVANT and the body doesn't mention returns.	26 USC \$6065 26 USC 7806(b)		
A "liability" must exist in an enacted positive law before an assessment may be lawfully made against a "taxpayer":	26 USC §6151	26 CFR §1.6151- 1(a)	Click here Great IRS Hoax, section 5.6.1
"A tax is a legal imposition, exclusively of statutory origin (37 Cyc. 724, 725), and, naturally, liability to taxation must be read in statute, or it does not exist." [Bente v. Bugbee, 137 A. 552; 103 N.J. Law. 608 (1927)]			3331011 3.0.1
"the taxpayer must be liable for the tax. Tax liability is a condition precedent to the demand. Merely demanding payment, even repeatedly, does not cause liability." [Terry v. Bothke, 713 F.2d 1405, at 1414 (1983)]			
The only place in the Internal Revenue Code that talks about payment of tax under Subtitle A is in the context of what is shown on a return signed by the "taxpayer". There is no place that mentions paying any assessment under Subtitle A for which no return was filed by the "taxpayer" signed under penalty of perjury. Furthermore, that which is not mentioned in the law can be presumed to be deliberately excluded from being a requirement under the rule of statutory construction entitled "Expressio unius est exclusio alterius". This is an extension of what the Supreme Court's statement:	26 USC §6151 26 USC §6065	26 CFR §1.6151- 1(a)

All "gross income" in connection with an assessment under Subtitle A of the I.R.C. must be "effectively connected with a trade or business" (public office), excepting that documented under 26 USC 871(a) accrued to "nonresident aliens". Foreign earned income is not includible in "gross income" A person who does not have a "voluntary withholding agreement" in place and who is not a federal "employee" as defined under 26 CFR §31.3401(c)-1 is incapable of earning "wages". A W-4 form executed under involuntary duress does not count as a "voluntary withholding agreement". Therefore, the amount reported on a W-2 form in block 1 for such a person must be zero. REMEMBER: America counts on our "public servants" to obey the law by respecting the careful limits it places on their authority!

"Every citizen of the United States is supposed to know the law.." [U.S. Supreme Court in Pierce v. United States, 7 Wall (74 U.S. 169) 666 (1869)]

The Supreme Court implies above that any citizen who does not know or respect the law is a BAD citizen. The last word in "Internal Revenue Service" is "SERVICE", and we emphasize that the person you serve is the "public", and not your own pocketbook. If you obey and respect the law by providing a detailed response to this inquiry, then we will emulate your behavior by paying the monies you say we owe, provided that the assessment was lawful and done completely consistent with enacted positive law, implementing regulations, and internal bureau policies and procedures. If you broke the law, then we would be committing treason to help you or do what you say.

EQUAL PROTECTION OF THE LAW:

The following excerpts are statements about the requirement for "equal protection of the law" guaranteed to every American, and especially in this circumstance. READ AND HEED

"The equal protection demanded by the fourteenth amendment forbids this. No language is more worthy of frequent and thoughtful consideration than these words of Mr. Justice Matthews, speaking for this court, in Yick Wo v. Hopkins, 118 U.S. 356, 369, 6 S. Sup. Ct. 1064, 1071: 'When we consider the nature and the theory of our institutions of government, the principles upon which they are supposed to rest, and review the history of their development, we are constrained to conclude that they do not mean to leave room for the play and action of purely personal and arbitrary power.' The first official action of this nation declared the foundation of government in these words: 'We hold these truths to be self-evident, [165 U.S. 150, 160] that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness.' While such declaration of principles may not have the force of organic law, or be made the basis of judicial decision as to the limits of right and duty, and while in all cases reference must be had to the organic law of the nation for such limits, yet the latter is but the body and the letter of which the former is the thought and the spirit, and it is always safe to read the letter of the constitution in the spirit of the Declaration of Independence. No duty rests more imperatively upon the courts [and government agencies] than the enforcement of those constitutional provisions intended to secure that equality of rights which is the foundation of free government."

[Gulf, C. & S. F. R. Co. v. Ellis, 165 U.S. 150 (1897)]

"In Calder v. Bull, which was here in 1798, Mr. Justice Chase said, that there were acts which the Federal and State legislatures could not do without exceeding their authority, and among them he mentioned a law which punished a citizen for an innocent act; a law that destroyed or impaired the lawful private [labor] contracts [and labor compensation, e.g. earnings from employment through compelled W-4 withholding] of citizens; a law that made a man judge in his own case; and a law that took the property from A [the worker], and gave it to B [the government or another citizen, such as through social welfare programs]. 'It is against all reason and justice,' he added, 'for a people to intrust a legislature with such powers, and therefore it cannot be presumed that they have done it. They may command what is right and prohibit what is wrong; but they cannot change innocence [nontaxpayer] into quilt [taxpayer], or punish innocence as a crime, or violate the right of an antecedent lawful private [employment] contract [by compelling W-4 withholding, for instance], or the right of private property. To maintain that a Federal or State legislature possesses such powers [of THEFT!] if they had not been expressly restrained, would, in my opinion, be a political heresy altogether inadmissible in all free republican governments: 3 Dall. 388."
