**We Have No Record Of Receiving Your Tax Returns**

We previously asked you for information about your tax return(s) shown on the back of this letter.

We have no record of receiving your reply. The law lets us charge fines, criminal penalties, or both against you if you don't file tax returns or provide required tax information. If you've already filed, please send us a copy of your complete return(s) with new signature(s). If you sent us a check with your return, send us a copy of both sides of your canceled check.

If you think you're not required to file a tax return, please call us at the telephone number listed above.

If you're required to file a tax return and you haven't, please file now, attach a copy of this letter to your tax return, and pay any tax your return shows you owe. We'll bill you for any penalty and interest. We've enclosed an envelope for your convenience.

Please make sure that we receive the information we requested on your tax return(s) within 10 days from the date of this letter.
