COPY**NOTICE OF INCOME TAX WAGE LIEN AGAINST:**

[REDACTED]
BALTIMORE MD [REDACTED]

Pursuant to Section 13-811 of the Tax-General Article, and Section 15-601-1 of the Commercial Law Article, Annotated Code of Maryland, no payment of salary, wages, or compensation of any kind may be paid to the individual named above in excess of 75% of the disposable wages each pay period until the amount reflected above is paid in full or the lien is released by the Comptroller's office. Disposable wages are gross wages less mandatory deductions such as Federal and State withholding taxes, FICA, and court ordered child support. Voluntary deductions such as credit union payments, charitable contributions, IRA, etc. are not included in the definition of disposable wages and should not be deducted before the computation is made. Health insurance payments paid by the employee, although a voluntary deduction, directly reduce the amount to be paid to the Comptroller.

Payment made to an individual in violation of this lien, or failure to pay the excess to the Comptroller, shall make the employer personally liable for the sums released and may subject you to the fines and penalties provided under Section 13-811(g) of the Tax-General Article.

In accordance with Section 10-910 of the Tax-General Article, the number of exemptions for this employee cannot exceed 5 for State withholding purposes. If the number exceeds that amount, the exemption allowance must be reduced to 5. It cannot be increased without written authorization from the Comptroller's office.
